Your reliable source for
information and industry knowledge.

Media Kit

Livestock Technology is first choice for every
Dairy farmer and entrepreneur.

For one Decade and more the
“**LIVESTOCK TECHNOLOGY**”
magazine have been synonymous
with the playgrounds of the
Indian Dairy Industry.

Editor's Note

As you know, we are serving you as publisher of 'Poultry Technology' a monthly technical magazine dedicated to Poultry Industry and now coming up with 'Livestock Technology'

Following our great success in the Poultry Industry, we are pleased to announce our entry into the Livestock Industry. Starting from June 2011, we had launched a high-quality magazine called "**Livestock Technology**". This move is driven by the growing demand in the agriculture field and industrial development segments, which significantly contribute to our country's GDP. Our magazine will keep our readers updated on the latest research and developments in the industry, both nationally and internationally. We are excited to provide our readers with the most up-to-date information, concepts, trends, practices, views, and news through Livestock Technology.

The Livestock Industry in India is experiencing an annual growth rate of 10 to 12%, and India is the world's top milk producer. Livestock Technology will have a strong circulation of approximately 7,500+ copies in every corner of India, making it an excellent platform for advertisers to reach decision-makers across the industry. We are confident that Livestock Technology will provide real value to our advertisers and readers alike.

The livestock industry in India is experiencing an annual growth rate of 10 to 12%, and India holds the top position as the world's largest milk producer. "**Livestock Technology**," a publication with a circulation of over 8,000 copies distributed throughout India, offers great value to advertisers by reaching a targeted audience of decision-makers in the livestock industry.

This publication features technical articles, up-to-date product information, global techniques, and the innovative ideas of renowned livestock experts. Every reader can benefit from the insights shared in "**Livestock Technology**" to increase their productivity and business potential.

Please find attached the circulation information and advertisement rates for "**Livestock Technology**" for your perusal. Advertising in this publication can motivate and engage a relevant audience, ultimately leading to business growth.

Thank you for considering our services, and we assure you of our best support at all times.

Warm regards,

Dinesh Kumar
